USB Flash Drive Manager is an easy tool to create backup copies of your photos, videos, and other files. You can also use it to create a backup of the flash drive images and manage the images within the application. The USB Flash Drive Manager is designed in such a way that allows you to make a backup copy of any USB storage device. It provides you with a list of images that you can copy to the computer which enables you to create an image of your flash drive. Besides these, the application also provides you with a library which enables you to organize your flash drive images. The images that you have stored are displayed on the left side of the window. By clicking on the image, you can have a look at the content that it is storing. This is a great way to find the files that you are looking for. Apart from that, you can use the sorting option which allows you to sort the images based on various parameters. For instance, you can sort the images by title, upload date, size of the file, and so on. By doing this, you will be able to get a clear view of your images. The library can also be used for cleaning the USB flash drive. It contains the trash and waste bin which you can use to empty the content of the waste bin. Overall, the USB Flash Drive Manager is a great tool which allows you to create backup copies of your files in order to prevent data loss. It can even integrate with USB storage devices to provide you a fast and convenient way to back up your files. Key Features: - Create backup images from any USB storage devices and manage them - Filter the images based on title, size, upload date, and so on - Clean your USB flash drive by getting rid of the empty and trash bin content - Manage the images in your computer to prevent data loss - Sort the images based on a number of criteria - Integrate the application in the USB storage devices so that it works on any computer System Requirements: - Windows XP, Windows 7, Windows 8, and Windows 10 - 2 GB RAM - Minimum 500 MB of free space on the hard disk Microsoft USB Flash Drive Manager (Standard) Crack For Windows Review and Ratings Suggested: \$15.00 Free Usually Ships in 1 Business Day REVIEWS Highly Recommended!
